

Service Bulletin

#FRSB0017

Date of Bulletin: December 13, 2006
Effective Date: January 1, 2007 for Master Pack
Pump Series Affected: SD11
Affected Components: N/A
Subject: Master Pack and Anti-drip Spout
Issuing Authority: Sales/Marketing

Coming January 2007...SD11 sold in master packs only.

Service Bulletin #FRSB0012 introduced the SD11 master pack; 6 pumps per pack. As of January 1, 2007 the SD11 will only be available in a master pack. That means, for example, if you order 2 of the SD11MP, you will receive 12 of the SD11 pumps. The part number for the master pack is SD11MP. See the August 1, 2006 price book for volume pricing for the SD11MP. The UPC code for the SD11MP is 0-89404-19545-1.

Still no drips...

Also mentioned in Service Bulletin #FRSB0012 was the introduction of the retail packaged anti-drip spout for the SD11 and SD12 hand pumps (see photos below). This attachment helps prevent fluids from leaking out the spout, resulting in a cleaner and safer work area. The part number for the spout is SD11KTH0222.
